NOTICE OF APPLICATION SCE'S REQUEST TO INCREASE GAS RATES Application A.23-12-011

Why am I receiving this notice?

On December 15, 2023, Southern California Edison Company (SCE) filed its Application of Southern California Edison Company for Authority to, Among Other Things, Increase its Authorized Revenues for Santa Catalina Island Gas Operations, and to Reflect that Increase in Rates (A.23-12-011) with the California Public Utilities Commission (CPUC). The application is requesting a gas revenue requirement of \$2.062 million in 2025, \$2.309 million in 2026, \$2.357 million in 2027, and \$2.402 million in 2028. SCE also presents its plan to begin transitioning gas customers to all-electric service and proposed rate design changes.

Why is SCE requesting this rate increase?

SCE is requesting the rate increase to allow it to continue providing safe, reliable, and affordable gas service on Santa Catalina Island. SCE last filed a general rate case application with the CPUC in 2008. Since then, gas regulations and compliance requirements have substantially increased, resulting in increased costs. SCE claims increased revenues are needed to recover these increased costs.

How could this affect my gas bill?

The following table compares the class average bill for different rate classes at current rates with the rates that would be in effect if SCE's rate request is approved by the CPUC. The class average consumption in the table is 13 therms/month for the G-1 class and 253 therms/month for the G-2 class.

Average Monthly Bill Impact

	G-1		G-1-CARE		G-2	
	Average \$ / Month	Year over Year % Impact	Average \$ / Month	Year over Year % Impact	Average \$ / Month	Year over Year % Impact
Current	\$66.69		\$47.61		\$1,501.14	
2025	\$71.20	7%	\$42.59	-11%	\$1,612.40	7%
2026	\$75.52	6%	\$45.24	6%	\$1,709.59	6%
2027	\$76.29	1%	\$45.74	1%	\$1,669.25	-2%
2028	\$77.02	1%	\$46.22	1%	\$1,633.18	-2%

How does the rest of this process work?

This application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt SCE's application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding may review SCE's application, including the Public Advocates Office. The Public Advocates Office is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information, please call **1-415-703-1584**, email **PublicAdvocatesOffice@cpuc.ca.gov**, or visit **PublicAdvocates.cpuc.ca.gov**.

Where can I get more information?

Contact SCE:

Phone: **1-626-302-0449**
Email: **scegrc@sce.com**
Mail: Southern California Edison Company
Post Office Box 800
8631 Rush Street
Rosemead, California 91770
Attention: Case Administrator

A copy of the Application and any related documents may also be reviewed at **www.sce.com/applications**. Search for the word Catalina Water or Application A.23-12-011.

Contact CPUC:

Please visit **apps.cpuc.ca.gov/c/a2312011** to submit a comment about this proceeding on the CPUC Docket Card. Here you can also view documents and other public comments related to this proceeding. Your participation by providing your thoughts on SCE's request can help the CPUC make an informed decision.

If you have questions about CPUC processes, you may contact the CPUC's Public Advisor's Office at:
