

Change Form for Existing Commercial Customers

Mail your completed form to:
Southern California Edison | Summer Discount Plan | P.O. Box 800 | Rosemead, CA 91770-9972

If you are an existing Summer Discount Plan (SDP) commercial customer, you may use this form to modify your options or disenroll from the program. You may downgrade your plan option to Good Value and to Maximum Comfort each one time per year or upgrade your plan option at any time during the year.

For more information, please go to sce.com/bizsdp or call us at **1-800-990-7788**.

1. Complete your account information

Service account # - - -

Company name (as it appears on SCE bill)

Service address (number, street)

City	State	Zip
Contact name	Title	
Phone # ()	Fax # ()	
Best time to call (weekdays) FROM : <input type="checkbox"/> A.M. <input type="checkbox"/> P.M. TO : <input type="checkbox"/> A.M. <input type="checkbox"/> P.M.		

2. Tell us about your central air conditioners

How many central air conditioners, in total, will be on the Summer Discount Plan? (check one of the boxes)

1 2 3 Other _____

Where are these central air conditioners located? (check one of the boxes)

Ground Roof Both

3. Choose one of the plan options below

I would like to change to one of the following plan options. Please note that if you have a closed air circulation system, the Maximum Savings plan option may compromise your air quality and impact your ability to meet California air quality standards.

Plan option	Conditions	Credits for customers
<input type="checkbox"/> Maximum Savings	A/C compressor off continuously for up to 6 hours per day	\$7.32 per calculated ton per month
<input type="checkbox"/> Good Value	A/C compressor off 15 out of every 30 minutes for up to 6 hours per day	\$2.59 per calculated ton per month
<input type="checkbox"/> Maximum Comfort	A/C compressor off 9 out of every 30 minutes for up to 6 hours per day	\$0.52 per calculated ton per month
<input type="checkbox"/> Remove my account from the Summer Discount Plan. You may disenroll if you have been on the program for a minimum of one year.		\$0

4. Select if you would like to receive energy event alerts (optional)

SCE offers a courtesy alert service for SDP customers to let you know by email, voice, or text message that air conditioners might be cycled off in your area that day. Please select how you would like to be contacted:

Email notifications: _____ @ _____

Text messages: - -

Voice messages: - -

5. Please read and sign below (If you are a lessee, your property owner or manager must also sign below.)

By submitting this application, I confirm that the above information to the best of my knowledge is correct, that I am a Southern California Edison (SCE) customer with a central air conditioner(s) in good working order, and I would like to enroll in the SDP for commercial customers indicated in Section 3.

I understand:

- I will provide SCE or its authorized contractors with reasonable access to my place of business to install, monitor, and maintain the SDP devices,
- My credits are based on my current rate schedule, the amount of my electrical consumption, the calculated tonnage of my working central air conditioner, the number of summer season days in each billing period, and my SDP option,
- SDP devices will not be installed on a non-operational central air conditioner,
- Actual calculated tonnage on air conditioners may be different than the tonnage displayed on the face plate of the unit,
- Program is subject to the availability of devices and adequate signal strength at my location,
- My account must register the use of a minimum of 0.2 kWh per A/C ton, one hour before or after, in at least one event day per calendar year to remain eligible to participate in the SDP Program,
- California Public Utilities Commission (CPUC) has authorized this program, and this agreement will at all times be subject to such changes or modifications by the CPUC as it may direct, from time to time, in the exercise of its jurisdiction,
- SCE can apply to the CPUC at any time to change its rates, charges, rules, or services in any way,
- SCE treats information and research data from individual customers as confidential, and uses statistics and information gathered on a group basis only,
- SDP for commercial customers requires a minimum of one year participation from the date my service on the plan begins,
- Plan option downgrades to Good Value and to Maximum Comfort can each be made only once in a 12-month period,
- If I disenroll from the Summer Discount Plan, I may not re-enroll within a 12-month period, and
- **This plan is not recommended for anyone unable to tolerate high temperatures or who has significant health problems such as asthma, heart disease, or respiratory conditions.**

MY SIGNATURE X	Date / /
Signature of my property owner or manager (for lessees only) X	Date / /

The estimated savings assume a typical 5-ton central air conditioning unit, enrolled in the program from June 1 to October 1. Savings could increase with larger units and decrease for smaller ones. Maximum credit amounts are subject to certain minimum usage requirements and vary by central air conditioner tonnage. Enrollment after June 1 will result in prorated savings beginning from the next scheduled meter read date after your application is processed and your device is installed and activated. SCE may need to test or replace the device. The credit amounts and program options are subject to change by the California Public Utilities Commission. An Edison SmartConnect® meter or interval data recorder (IDR) meter capable of registering hourly interval usage data is required for enrollment in the SDP program. If removed from the program for failing to meet the minimum electric usage requirement, you will not be allowed to re-enroll for the following 12-month period. This program is not recommended for those with health problems, respiratory conditions, or an inability to tolerate high temperatures. SCE is not responsible for any costs associated with receiving optional SDP courtesy alerts. This information is meant as an aid to understanding SCE's Summer Discount Plan. It does not replace the CPUC-approved tariffs. Any inconsistencies between this material and SCE's tariffs are unintended, and the tariffs prevail. Please refer to SCE's Tariff Books at sce.com/regulatory for a complete list of terms and conditions. This program is funded by California utility customers and administered by SCE under the auspices of the California Public Utilities Commission.

FOR SCE USE ONLY

Southern California Edison approves this application.
