

# POTENTIAL SCE COMMUNITY RESOURCE CENTERS DURING PSPS EVENTS

---

During Public Safety Power Shutoff (PSPS) events, Southern California Edison uses Community Resource Centers and Community Crew Vehicles to provide support to customers in areas most likely to experience shutoffs.

These locations provide customers with water, light snacks and, where available, access to restrooms and Wi-Fi. Customers can also obtain updated outage information, sign up for alerts, update their contact information and charge their personal mobile and certain portable medical devices.

Information regarding which locations are open and hours of operation is posted at [sce.com/pmps](https://www.sce.com/pmps). SCE posts this information one day before sites are expected to open, or as soon as site details are confirmed within this one-day window.

## **Community Resource Centers**

SCE has contracted with dozens of sites across high fire risk areas to serve as resource centers during PSPS events. Please find a list below for all contracted sites. See [sce.com/pmps](https://www.sce.com/pmps) for a map of open locations during active events. Information is posted one day before sites are expected to open, when possible.

## **Community Crew Vehicles**

In addition to contracted sites, and to provide services to customers in more remote areas that cannot be served by the contracted locations, SCE operates eight mobile units that provide similar services to customers. These vehicles are staffed and deployed to locations based on weather conditions. See [sce.com/pmps](https://www.sce.com/pmps) for a map of open locations during active events. Information is posted one day before sites are expected to open, when possible.

**SCE complies with applicable COVID-19 guidelines provided by local and state health agencies.**

## CONTRACTED COMMUNITY RESOURCE CENTER LOCATIONS (AS OF MAY 1, 2022, SUBJECT TO CHANGE)

FACILITY NAME	STREET	CITY	ZIP CODE
<b>INYO COUNTY</b>
