

SOUTHERN CALIFORNIA EDISON COMPANY NOTICE OF FILING OF APPLICATION FOR INCREASE IN ELECTRIC REVENUES DEMAND RESPONSE PROGRAMS Application 08-06-001

On June 2, 2008, Southern California Edison Company ("SCE") filed Application No. 08-06-001 with the California Public Utilities Commission ("CPUC") seeking approval of its Demand Response Programs and requesting increases in SCE's electric revenues to fund the Demand Response Programs. SCE's Demand Response Programs assist customers in reducing energy usage during peak times in order to help address electric system reliability. SCE requests the CPUC's approval of SCE's proposed program plans, goals and budgets, which will allow SCE to continue to effectively and efficiently administer these programs.

SCE requests an increase in its revenues starting in 2009 and continuing until 2012. Compared to revenues at present rates as of April 2008, SCE estimates a cumulative revenue increase of \$69,500,000 over the period 2009 through 2012 for its Demand Response Programs. The following table shows SCE's requested revenue change allocated to customer groups. The revenue increase will ultimately be allocated among customer groups based on the CPUC's decision in Application A.08-03-002, Phase II of SCE's 2009 General Rate Case.

Customer Group	Revenue Change (\$ Millions)	% Change
Domestic (Residential)	34.2	0.8%
Small & Medium Commercial	23.5	0.5%
Industrial	9.9	0.4%
Agricultural & Pumping	1.8	0.6%
Street Lights	0.2	0.1%
TOTAL	\$69.5	0.6%

If the CPUC approves the application, the average monthly residential bill of 600 kWh will change from \$82.92 at present rates to \$83.01, an increase of 0.1%.

ACTION THE CPUC MAY TAKE ON SCE'S APPLICATION

Before acting on SCE's application, the CPUC may hold evidentiary hearings. At the hearings, SCE, the CPUC's independent Division of Ratepayer Advocates ("DRA") and other interested parties may present testimony. Parties may offer proposals that differ from those presented in the application.

After considering all evidence presented, the CPUC will issue a decision on the application. The actual plan adopted by the CPUC may differ from what is requested by SCE in its application.
