NOTICE OF FILING OF APPLICATION FOR  
INCREASE IN ELECTRIC REVENUES  
2009-2011 LOW-INCOME ASSISTANCE PROGRAMS  
Application 08-05-026**

On May 15, 2008, Southern California Edison Company ("SCE") filed an application with the California Public Utilities Commission ("CPUC") asking for increases in SCE's electric revenues. The application, designated as A.08-05-026 by the CPUC, requests that the CPUC authorize an increase of \$ 24.2 million in electric revenues on an annualized basis for years 2009, 2010 and 2011. If approved by the CPUC, the electric revenue requirement will increase electric rates by approximately 0.2% in 2009-2011.

**LOW-INCOME ASSISTANCE PROGRAMS**

In the application, SCE requests CPUC approval of SCE's proposed program plans and budgets, which will allow SCE to continue to effectively and efficiently administer critical Low Income Assistance Programs, namely the California Alternate Rates for Energy (CARE) Program, the Low-Income Energy Efficiency (LIEE) Program, and the Cool Centers Program. In order to fully implement these programs in 2009, 2010 and 2011, SCE is requesting an increase in its Low-Income Assistance Program funding of \$ 24.2 million on an annualized basis for 2009, 2010 and 2011, which compared to revenues at present rates, is an increase of approximately 0.2%. The following table shows an estimate of the 2009-2011 proposed revenue and rate changes compared to present rates for the Public Purpose Program surcharge of the total bill:
