**SOUTHERN CALIFORNIA EDISON
NOTIFICATION OF ENERGY RESOURCE RECOVERY ACCOUNT (ERRA) APPLICATION
FILING REGARDING
PROPOSED INCREASE IN ELECTRIC RATES**

APPLICATION NO. A.09-04-002

In compliance with California Public Utilities Commission (CPUC) decisions, Southern California Edison Company (SCE) has filed an Energy Resource Recovery Account (ERRA) application, which sets forth SCE's procurement-related operations for the Record Period January 1, 2008 through December 31, 2008. In this application, SCE demonstrates that during the Record Period: (1) its recorded fuel expenses and energy expenses were reasonable, (2) its contract administration, dispatch of generation resources, and related spot market transactions complied with Standard of Conduct Four in SCE's CPUC-approved procurement plan, and (3) its other operations subject to CPUC review were reasonable.

In addition to presenting SCE's recorded 2008 costs for review, this application requests approval to recover \$35.796 million (including franchise fees and uncollectibles) associated with under-collections in four memorandum accounts authorized by the CPUC: (1) the Department of Energy Litigation Memorandum Account (DOELMA), (2) the Market Redesign and Technology Upgrade Memorandum Account (MRTUMA), (3) the New System Generation Memorandum Account (NSGMA), and (4) the Project Development Division Memorandum Account (PDDMA).

Compared to revenue at present rates as of March 1, 2009, this application requests a revenue increase of \$35.796 million, or 0.323% beginning in 2010. If the CPUC approves SCE's request, an average residential customer using 600 kilowatt-hours per month would see an increase of \$0.15 per month, from \$81.93 to \$82.08. The following table shows an estimate of proposed revenues and rate changes by customer group:

CUSTOMER GROUP REVENUE IMPACT

THE CPUC WELCOMES YOUR PARTICIPATION AND COMMENTS

The CPUC may hold evidentiary hearings whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only those who are formal parties of record may participate. The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the evidentiary hearings. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.
