SOUTHERN CALIFORNIA EDISON COMPANY (SCE)

**NOTICE OF PROPOSED APPLICATION 10-08-001 ENERGY RESOURCE
RECOVERY ACCOUNT (ERRA) FILING TO CONSIDER
SCE'S PROPOSAL TO INCREASE YOUR ELECTRIC RATES**

In compliance with California Public Utilities Commission (CPUC) decisions Southern California Edison Company (SCE) has filed an Energy Resource Recovery Account (ERRA) forecast application. The application is referred to as A.10-08-001.

In this application, SCE is requesting the Commission to: (1) authorize SCE's 2011 ERRA proceeding revenue requirement in the amount of \$3.603 billion and (2) consolidate all other Commission-authorized 2011 revenue requirements and set unbundled rate components to recover those revenue requirements beginning January 1, 2011. SCE's 2011 ERRA proceeding revenue requirement of \$3.603 billion is an increase of \$431.8 million from the ERRA revenue requirement included in 2010 rate levels.

Compared to revenue at present rates as of June 1, 2010, this application requests a revenue decrease of \$7.5 million, or 0.07% beginning in 2011. **However, if the CPUC approves SCE's request, an average residential customer using 600 kilowatt-hours per month would see an increase of \$0.16 per month, from \$94.58 to \$94.74.** The following table shows an estimate of proposed revenues and rate changes by customer group:

EVIDENTIARY HEARINGS

If the application is accepted, the CPUC may also hold evidentiary hearings whereby formal parties of record provide testimony and are subject to cross-examination before a CPUC Administrative Law Judge (ALJ). These hearings are open to the public, but only

those who are formal parties of record may participate. For information relating to the hearings, you may contact the Public Advisor's Office (PAO) at the address or phone number shown below. A separate notification to SCE customers regarding the date, time and location of these hearings will be sent as a separate bill insert, or will appear as a newspaper notification.

The CPUC has its own court reporters who will record the comments of those formal parties of record participating in the evidentiary hearings. After considering all proposals and evidence presented during the formal hearing process, the assigned ALJ will issue a proposed decision. When the CPUC issues a final decision on the application, it may adopt, amend, or modify all or part of the ALJ's proposed decision as written. The CPUC's decision may be different than SCE's request.

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC, created by the Legislature to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.
