NOTICE OF EVIDENTIARY HEARINGS TO CONSIDER SOUTHERN CALIFORNIA EDISON'S

PROPOSAL TO INCREASE YOUR ELECTRIC RATES

In compliance with California Public Utilities Commission (CPUC) Decisions D.02-10-062 and D.02-12-074 the CPUC determined that certain procurement related operations should be reviewed annually in the Energy Resource Recovery Account (ERRA) proceeding. Southern California Edison Company (SCE) has filed a proposed ERRA application A.10-04-0021, which sets forth SCE's procurement-related operations for the Record Period January 1, 2009 through December 31, 2009.

In this application, SCE demonstrates that during the Record Period: (1) its recorded fuel expenses and energy expenses were reasonable, (2) its contract administration, dispatch of generation resources, and related spot market transactions complied with Standard of Conduct Four in SCE's CPUC-approved procurement plan, and (3) its other operations subject to CPUC review were reasonable.

In addition to presenting SCE's recorded 2009 costs for review, this application requests approval to recover \$29.947 million (including franchise fees and uncollectibles) associated with under-collections in four memorandum accounts authorized by the Commission: (1) the Department of Energy Litigation Memorandum Account; (2) the Litigation Cost Tracking Account; (3) the Market Redesign and Technology Upgrade Memorandum Account; and (4) the Project Development Division Memorandum Account.

Compared to revenue at present rates as of March 1, 2010, this application requests a revenue increase of \$29.947 million, or 0.283% beginning in 2011. **If total rates were to change as requested, an average residential customer using 600 kilowatt-hours (kWh) per month would see an increase of \$0.31 per month, from \$99.12 to 99.43.** The following table shows an estimate of proposed revenue and rate changes by customer group:

Customer Group	Revenue Change (\$Millions)	% Change	Present Rates ¢/kWh	Proposed Rates ¢/kWh
Residential	11.365	0.276%	15.938	15.980
Lighting - Small and Medium Power	10.758	0.275%	15.287	15.329
Large Power	6.633	0.323%	10.827	10.864
Agricultural and Pumping	1.011	0.288%	11.577	11.610
Street and Area Lighting	0.180	0.135%	19.213	19.238
TOTAL	29.947	0.283%	14.326	14.366

The CPUC is a state agency that regulates privately owned utilities. It decides if and how much your electric rates will be increased.

The Division of Ratepayer Advocates (DRA) is an independent arm of the CPUC. The DRA participates in CPUC proceedings, workshops, and other forums with significant dollar impacts on consumers that address issues of consumer protection, development of fair rules for competition or other significant policy issues, and that address service quality, rate levels, and rate of return. The DRA's mission is to represent the interests of all utility customers throughout the state to obtain the lowest possible rates for service consistent with reliable and safe service levels. DRA has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.

The CPUC has scheduled formal evidentiary hearings to analyze the need for the proposed changes. These hearings are open to the public to attend and listen, but in order to participate you have to become what is called a "formal party of record." Contact the Public Advisor's Office (see below for contact information) if you have questions about becoming a formal party of record. At the evidentiary hearing, a CPUC Administrative Law Judge (ALJ) hears testimony, including testimony from expert witnesses. After the hearings are completed, the ALJ will consider all of the evidence presented and make recommendations to the Commissioner. The final decision is made by a majority vote of the five CPUC Commissioners during their official business meeting. The Commissioners may approve the company's proposal, the ALJ's recommendations, an alternate decision filed by one of the Commissioners, or completely reject the proposal.

The hearings in this proceeding have been rescheduled and will now begin on January 19 and February 1, 2011 in the Commission Courtroom, State Office Building, 505 Van Ness Avenue, San Francisco, California at 9:30 a.m. Hearings will NOT take place on the originally-scheduled dates of January 11-13, 2011.

You may view a copy of this application at SCE's corporate headquarters, 2244 Walnut Grove Avenue, Rosemead, CA 91770. You may also contact SCE at one of its multicultural service numbers:
