**NOTICE OF COMMUNITY MEETING REGARDING
SOUTHERN CALIFORNIA EDISON COMPANY’S REQUEST TO INCREASE RATES
FOR CHARGE READY 2 INFRASTRUCTURE AND MARKET EDUCATION
PROGRAMS**

APPLICATION (A.) 18-06-015

The California Public Utilities Commission (“CPUC”) is holding a Community Meeting regarding Southern California Edison Company’s (“SCE”) request to increase rates for Phase 2 of its Charge Ready Infrastructure and Market Education Programs (“Charge Ready 2”). The purpose of this Community Meeting is to explain to customers SCE’s proposed transportation electrification programs, which were developed to support California’s policies to reduce greenhouse gas (“GHG”) and air pollutant emissions and which also help meet the State’s zero-emission vehicle (“ZEV”) goals.

SCE’s Community Meeting will take place on the following date and location:

Date	Location
March 7, 2019 at 6 p.m.	Douglas Dollarhide Community Center 301 North Tamarind Ave, Compton, CA 90220

The Douglas Dollarhide Community Center is located near the Martin Luther King Jr. Transit Center and the Metro Blue Line Compton Station. The Community Center is wheelchair-accessible. If you need a Sign or other language translator, please contact the Public Advisor’s Office using the contact information at the end of this notice at least five working days before the Community Meeting.

SCE’S APPLICATION FILING

On June 26, 2018, SCE filed Application (A.) 18-06-015 with the CPUC requesting approval of its Charge Ready 2 programs. Charge Ready 2 focuses on the continued deployment of electric vehicle infrastructure throughout SCE’s service territory. SCE is seeking to recover a total of \$760.1 million for costs associated with this program, beginning in November 2019. If approved, Charge Ready 2 will expand on the programs approved in SCE’s Charge Ready Pilot¹

¹ The CPUC authorized SCE’s Charge Ready Pilot in D.16-01-023.

by providing support for an additional 48,000 charge ports over a four-year program, while implementing new and innovative marketing, education, and outreach components. Charge Ready 2 supports and accelerates electric vehicle (“EV”) adoption consistent with California’s efforts to reduce GHG emissions by 2030.

CUSTOMER IMPACT

If the CPUC approves SCE’s application as proposed, an average non-CARE residential customer using 550 kWh per month could see a monthly bill increase of \$0.84, from a current monthly bill of \$111.26 to \$112.10. The following table compares SCE’s current bundled average rates, by customer group, to proposed bundled average rates in 2018 if SCE’s application is approved by the CPUC:

Charge Ready Phase 2 Rate Impacts²

Customer Group	Bundled			
	Jun 1, 2018 Rates (¢/kWh)	Proposed Increase (¢/kWh)	Proposed Rates (¢/kWh)	% Increase
Residential	18.3	0.2	18.4	0.8%

CPUC PROCESS

This application has been assigned to Administrative Law Judges (Judges) who will determine how to receive evidence and other related documents necessary for the CPUC to establish a record upon which to base its decision. At the Evidentiary Hearings, parties of record presented their testimony and were subject to cross-examination by other parties. These evidentiary hearings were open to the public, but only those who are parties of record could participate.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judges will issue a proposed decision that may adopt SCE's application as proposed, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

The Public Advocates Office ("Cal Advocates", formerly known as the Office of Ratepayer Advocates) has reviewed this application on behalf of SCE's ratepayers. Cal Advocates is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. Cal Advocates has a multi-disciplinary staff with expertise in economics, finance, accounting, and engineering.
