## **AMENDED NOTICE OF APPLICATION**

### **Southern California Edison Company Request to Increase Rates For The Click Through Authorization Process**

#### **Application A.18-11-016**

#### **Why am I receiving this notice?**

On November 26, 2018, Southern California Edison (SCE) filed an application with the California Public Utilities Commission (CPUC) requesting approval to increase rates to fund improvements to its Click-Through process. On November 13, 2020, SCE provided an update to its application and increased its request for the budget of this program. If approved, this will impact your monthly bill.

Click-Through is an electronic signature authorization process that allows customers to authenticate and give authorization for SCE to release customer-specific data to third party demand response providers (DRPs).

A DRP is a commercial entity that provides demand response services, such as assisting retail electric customers with strategies or technology to save money by reducing their electric consumption. A DRP must obtain a customer's approval in order to access the customer's electric usage data and other information regarding the customer's service account. DRPs need access to this information to determine if a customer is eligible to participate in a demand response program, and to measure a customer's participation during demand response events after the customer is enrolled in a DRP's demand response program.

SCE's website includes information about how to authorize data access or revoke authorization. Customers can revoke authorization at any time and DRPs are required to maintain the privacy and security of the data provided.

#### **Why is SCE requesting this rate increase?**

SCE is making enhancements to its Click-Through authorization process to make it easier for customers to share their electric energy data with DRPs and for DRPs to receive customer's electric energy data securely. The proposed enhancements include the following:

- improvements in data delivery processes, upgrades to the information technology infrastructure needed for Click-Through authorization processes and
- publication of customer-friendly information on SCE's website including information about how to authorize data access or revoke authorization.

#### **How could this affect my monthly electric rates?**

If the CPUC approves SCE's application as proposed, an average non-CARE residential

customer using 550 kWh per month could see a monthly bill increase of \$0.00 from a current monthly bill of \$127.65 to \$127.65 in 2020, \$0.01 from a current monthly bill of \$127.65 to \$127.66 in 2021, \$0.03 from a currently monthly bill of \$127.66 to \$127.69 in 2022, \$0.05 from a currently monthly bill of \$127.69 to \$127.74 in 2023, and \$0.06 from a currently monthly bill of \$127.74 to \$127.80 in 2024.

The following table compares customer rates as of October 30, 2020, to proposed average rates in if SCE's application is approved by the CPUC:

### **Proposed Electric Rate Increase**

Effective 10/01/2020		2020			2021			2022			2023			2024		
Customer Group	Current Rates	Proposed Rates	% Change	Current Rates	Proposed Rates	% Change	Current Rates	Proposed Rates	% Change	Current Rates	Proposed Rates	% Change	Current Rates	Proposed Rates	% Change	
Residential	20.90	20.90	0.00%	20.90	20.90	0.01%	20.90	20.90	0.03%	20.90	20.91	0.04%	20.91	20.92	0.04%

#### **How does the rest of this process work?**

This application was assigned to CPUC Administrative Law Judges who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judges will issue a proposed decision that may adopt SCE’s application, modify it, or deny it. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

Parties to the proceeding are currently reviewing SCE's application, including the Public Advocates Office, which is an independent consumer advocate within the CPUC that represents customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. For more information about the Public Advocates Office, please call **1-415-703-1584**, email **PublicAdvocatesOffice@cpuc.ca.gov**, or visit **PublicAdvocates.cpuc.ca.gov**.

#### **Where can I get more information?**

##### **Contact SCE:**

You may review a copy of SCE’s Application (A.) 18-11-016 at SCE’s corporate headquarters (2244 Walnut Grove Avenue, Rosemead, CA 91770). You may also call SCE’s customer service line at 1-800-655-4555.

Phone: SCE's customer service line at 1-800-655-4555.
