

PUBLIC NOTIFICATION UPDATE

Southern California Edison (SCE) Construction Activities Helicopter Flight Activity Notification Date: January 24, 2018

Activity: SCE will be installing marker balls and lights on the Antelope - Pardee transmission lines in the right-of-way near your neighborhood.

Revised timeline: The dates for this work have been changed to Monday, February 13, 2018 through March 12, 2018. Days and hours of activity will be Monday through Saturday from approximately 7:00 a.m. to dusk. (Note: schedule could change depending on weather or other factors).

Where: From Pardee Substation in Santa Clarita to Bouquet Canyon Road, Valencia (see map on reverse).

Potential impacts: Periods of intermittent, temporary lane closures throughout the project route.

Contact: For more information about this helicopter flight activity, please contact us toll-free at 877-795-8787.

We appreciate your patience as we move to complete this work as quickly and safely as possible.

Antelope - Pardee Marker Ball / Lighting Installation
